

2012 Scout Popcorn Sales FAQs ***(“Nuggets from the Kernel”)***

Who are checks payable to when taking popcorn orders? All checks are payable to “Pack 22”

What if we have “misplaced” our Take Order form? Not to worry, a master copy of the form is posted on the Pack website at www.wiltonpack22.com

What is the deadline for turning in all Scout Take Order forms and payments? All forms and payments are due to be turned in to your Den Leaders by Monday, October 22nd. That is Kernel Popcorn’s deadline for receiving the forms however your own den leader may ask for the forms sooner based on your den leader’s schedule. I think a few dens have den meetings over the 20th-21st weekend and the den leaders would like them turned in at the den meeting. If you have questions about your den’s deadline, contact your den leader.

When will the popcorn orders be delivered? We pick up the popcorn for the Take Order sales in mid-November. Once Kernel Popcorn can sort and distribute the popcorn to the respective dens, you will be able to pick up your scout’s popcorn orders for distribution from the den leader or your den’s popcorn designee (parents this is a good opportunity to take one responsibility off your den leader’s plate). Popcorn will be available for scouts to distribute prior to Thanksgiving.

When do we collect payment for the orders that our scout takes? Payment is due in full when you turn in your scout’s take order form by October 22nd as we have to pay for all popcorn when we place our final order. A suggestion from the Kernel: I collect payment up front from as many patrons as I can. However, there are always family members who don’t live nearby or a neighbor or co-worker who can’t write a check when you are taking their order. I write one big check for any of my son’s orders that have not been paid when we turn in his form and then we collect from those folks when we deliver the popcorn. Obviously, if they are paying on delivery, then they pay me in cash or write a check to me since I previously paid Pack 22 for their popcorn order.

How do I know what my son earned in Show & Sell credits? Show & Sell credits (our store sales over those few weekends in September) will be posted soon on the Pack website by Kernel Popcorn. Every boy that works a shift will earn Show & Sell credits. Every boy earns the same amount for every shift worked. We take our total sales from the Show & Sell weekends and divide the sales by the number of shifts worked to determine the per shift credit. You do not get sales credit for the actual shift totals when your scout worked. If we did that, the boys would all fight over the best time slots (VM 1-3) and no one would volunteer to work the less desirable (CT Coffee 8-10) shifts. Remember, first and foremost, this is a scout fundraiser to benefit the Pack and the CT Council and we want the boys to learn good salesmanship skills.

How should I include my son’s Show & Sell credits for prize selection? At the bottom of the order form, you may write down your son’s Show & Sell credits and add them to the his other sales (on-line if any and the take order form total) to determine his Rewards Total. You should select his prize(s) based on his Rewards Total. If you do not select a prize on your order form, Kernel Popcorn will elect a Gift Card as the default.

Do we need to do anything to receive the “other” prizes mentioned at the Pack Meeting? No, your Take Order form is for the Trails’ End prizes offered only. There are additional prizes from the CT Council and Pack 22 that will be awarded to all scouts that hit certain sales levels (additional gift cards for the top sellers in each Den, Scout Night Sound Tigers ticket for \$500 sellers, bonus gift cards from CT Council beginning at \$600 in sales, 2 UCONN men’s basketball tickets for \$700 sellers and a new i-Pad from CT Council for all \$3,000 sellers.
